# WIFA SKATE SYSTEM<sup>®</sup> - STRUCTURE

# From recreational skaters to international champions

The right choice of model and correct fitting are decisive for comfort and for successful performance. The boot must be a natural extension of the foot. Skaters of all levels, from the beginners to the international champions, deserve the best fitting that WIFA can give.

All models except for the Prima-Set Hobby can be heat moulded and are marked accordingly in the catalogue. Small pressure points can be easily removed through the treatment of heat moulding which should **only** be carried out by a professional. Leather being a natural product it moulds itself to the foot.

You will find all the information needed for choosing the right model, taking measurements, correct fitting, mounting of blades, care of skates and new developments in the Technical Guide.

WIFA boots are recognised the world over for their excellent quality and long life and also for their variety of widths (up to 7 widths). The most requested widths are on stock or available promptly (listed in blue). The other widths (grey) are manufactured on request if not available.

# Special Features

## Wifasana

### Orthopaedic insole for WIFA skating boots.

Specially developed for WIFA boots. Metatarsal and plantar arch support, full length Texon carrier sole and moss foam foot bed, soft smooth suede leather cover. WIFASANA insoles improve performance and comfort and stabilizes the foot in the boot.

## Deluxe Line - for ultimate comfort

State-of-the-Art comfort featuring special soft padding throughout (heel to toe) with top bound edge, reinforced instep support..

Available for:

CHAMPION  
DANCE & SYNCHRO  
GOLDSTAR  
SUPER GOLDSTAR  
DIAMOND

## Derby-Cut: patented WIFA shaft construction

Unprecedented comfort and fitting due to curved shaft and position of lacing hooks. Standard version for all Models (except Dance, Prima and Comfort). Firm fit without pressure, as the lacing tension is evenly distributed. The DERBY design allows natural ankle expansion when bending the knee, and improved instep support. Traditional cut only on demand.

Standard for:

SKATEC  
CHAMPION  
SYNCHRO MODELLEN  
GOLDSTAR  
SUPER GOLDSTAR  
DIAMOND

## New Vision:

*New Vision: special feature for dance and synchro skating.*

Cut-out of upper (heel area) with elastic leather insert - (three rolls) permitting greater fluidity of line of the extended leg and foot. Standard for Dance and Sychro Models.

Standard for:

DANCE MODELS  
SYNCHRO MODELS

## Top Soft:

*Top Soft: special feature for freestyle skating.*

Soft elastic leather cuff (two rolls) for better comfort. Improves stability when landing after jumps. Kind to the legs, better fitting and comfort.

Available for:

CHAMPION  
GOLDSTAR  
SUPER GOLDSTAR  
DIAMOND

# Accessories

## **WIFA CONTRA - Popping out Machine**

Contra can pop out all pressure points for individual fitting in the ankle and ball area where exactly required. Four different attachments. Easy to handle and stable, Contra can be used everywhere. The effect is greater is used when the boot is warm. Apply for about 3 minutes at max. 75°C. Quick pain relief.

## **WIFA - Ice skating bags**

Available in the colours: Royal Blue, Navy, Purple, Pink, Pastel Rosa, Black, Anthracite, Silver, Emerald, Orange.

## **Flexo Deluxe blade covers**
